

Adoration for the New Springtime

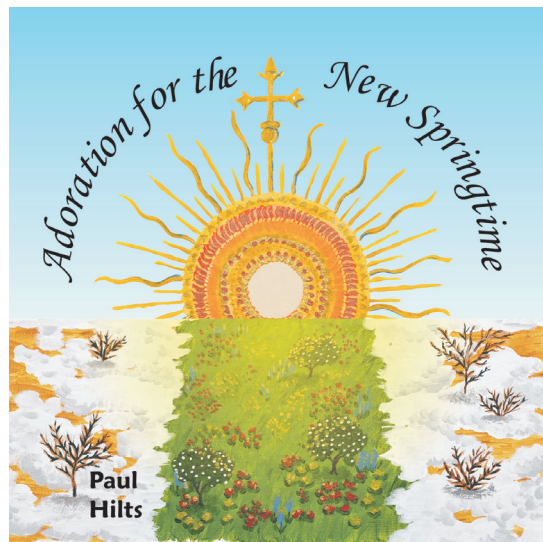

A complete contemporary soundtrack for Eucharistic Adoration

paul@paulhilts.com

Eucharistic Adoration is a wonderful way to spend time with Jesus outside of Mass in the Real Presence of the Blessed Sacrament. I pray that these songs will allow you to more fully experience the love and power of God in your life!

I want to thank Dave Smith for the opportunity to produce this project, and for breathing life into these songs with his incredible talent. Thanks also to Karen Barth and Christopher Nelson, my fellow ECC coworkers, for their talents in the visual arts. I thank Nick Alexander, Susan Bailey, Martin Doman, and Bob Filoramo for allowing me to use their beautiful songs. I extend warm appreciation to my wife, Christine, for her encouragement and support of my music ministry. Finally, I thank God for opening door after door for this project... may it lead people closer to You, for Your greater glory. ✚

We were one with God in harmony
Until the fall of man
Though separation is our legacy
Reunion is God's plan

I am not worthy to receive You Lord
But only say the word and I am healed

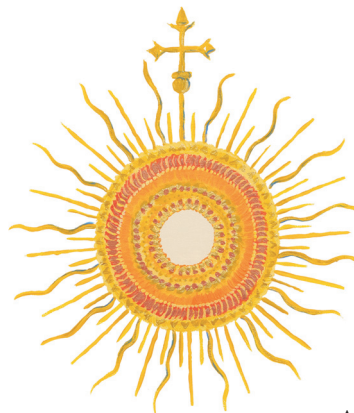

I take You in inside of me
Penetrate my heart O God
And have Your way in me
Let Your love pour forth in me
May my life bear fruit O God
So all the world can see
That You are here in me

The Eucharistic mystery
Unfolds before us here
The bread and wine are history
As the Son of God appears

We have a gift of
Indescribable worth
A gift we have to give away
We are the Body of Christ
On this earth
Bringing His love to all who live today

I believe I believe
I believe that You are here in me
I believe I believe
I believe that You are here in me
That You are here in me
